

Campus Security And Crime Awareness Policy & Procedure 2009-2010

STAYING SAFE ON CAMPUS

Feeling safe and secure on a university campus is of great concern for today's university student and employee. Southern Wesleyan University understands that concern and is committed to providing security procedures and prevention information to ensure a safe environment for learning and working.

Southern Wesleyan University, located in Central, South Carolina, provides Adult and Graduate Studies at sites across the state of South Carolina. This brochure provides crime statistics for the regional learning centers. The AGS statistics for the main campus in Central are included in a separate brochure for the main campus.

The Campus Security and Crime Awareness brochure is revised, updated and distributed annually and is intended to satisfy the requirements of 34 C.F.R. 668.47.

Southern Wesleyan University Campus Security and Crime Awareness Policy & Procedure 2009-2010

REPORTING CRIMINAL ACTIONS OR EMERGENCIES

Students, staff and faculty are directed to report all crimes or violations of university safety policies that they witness to the student services coordinator at each regional learning center. In emergency situations the witness or victim may notify local police directly by dialing 911 or 9-911 from a campus phone. Be sure to report specifically where the emergency is located.

All such serious crimes or violations must be reported to the student services coordinator at the earliest possible time. Actions that might endanger the campus community will be reported in a timely manner to students and employees by the student services coordinator.

SECURITY AND ACCESS TO CAMPUS FACILITIES

Southern Wesleyan University learning centers permit students, faculty and staff to move about at will. Guests are welcome to meet with learning center staff. Visitors may reserve the use of facilities through the appropriate office. We ask all students, faculty and staff members to report any strange or suspicious activities to the student services personnel or, if necessary, to the local city police department.

LEARNING CENTER LOCK-UP PROCEDURE

Site assistants at each location secure and lock all buildings when facilities are not in use.

SECURITY & CRIME PREVENTION PROGRAMS

Security at SWU learning centers is a community effort which means that each person must take an active part in reporting criminal actions, emergencies or unsafe conditions.

The "Southern Wesleyan University Campus Security and Crime Awareness" brochure is updated annually and distributed to all employees, students, prospective students and employees, and anyone who requests such information. Sometimes security problems warrant

special memos to appropriate personnel or discussion in AGS classes.

Because of Southern Wesleyan's commitment to the Christian lifestyle, respect, protection and compassion toward all men and women is emphasized in academic and extracurricular experiences throughout the year.

Security concerns are included in discussions during orientation. Local counseling centers have been identified for victims of violence, abuse or other breaches of safety. Emergency telephone numbers are posted in every classroom for each learning center.

SEXUAL OFFENSES

A detailed discussion of sexual harassment is included in the Student Handbook. (A complete copy of the Student Handbook is located on the SWU Web site for AGS.)

If a sex offense occurs, one should contact the President of the University, the local police or the local Rape Crisis Council for assistance.

If desired, Southern Wesleyan personnel will assist a victim in notifying authorities. The university personnel will assist a victim in any reasonably available way to address emotional and physical needs, including changing academic situations.

Sex offense cases will be handled on a case by case basis with appropriate attention to the unique needs each case requires. Any victim will be fully informed of the final outcome of the institutional proceeding in a sex offense case.

ALCOHOL AND DRUG USE POLICY

Students and employees of Southern Wesleyan University are expected to refrain from possession, use or distribution of alcohol or illegal drugs unless prescribed by a licensed physician. The university supports state laws with respect to alcohol or drug violations and reserves the right to report all violations of such to local authorities. Also, students are not to engage with the community under the influence of alcohol or drugs. This standard is expected regardless of the age of the employee or student and pertains to classes, learning teams, and other activities involving Southern Wesleyan students, faculty, alumni or staff.

WEAPONS

Unless authorized, no firearms are to be in possession or discharged at learning centers at any time.
