

## INTENT TO EARN ASB DEGREE

**NOTE: This form is intended only for students currently enrolled in either Step 1 or 2, who had originally applied for the BS degree and have now decided to first complete all requirements for the ASB degree. After students have filled out transfer paperwork or have transferred to the BS core program, they are no longer tracked for the ASB degree and should NOT send this form. Also, this form does NOT take the place of the application for graduation form (to earn the ASB degree).**

Even though I had originally applied for the BS degree, I now intend to first earn the Associate of Science in Business degree. I understand that my record will now be tracked for the ASB degree; however, after I have filled out transfer paperwork for the BS program, it will again be tracked for the BS degree. I also understand that I must request and send in the completed graduation application form and fee payment by the specified deadline for the graduation date of \_\_\_\_\_ (indicate your anticipated ASB diploma/degree conferral date – either May or December and the year you plan to receive the ASB diploma/degree).
